

Release Notice: SACPA Reporting Information System Version 3.4

Release Date: January 10, 2003

The California Department of Alcohol and Drug Programs (ADP) has installed SACPA Reporting Information System (SRIS) Version 3.4. The system has been changed to make it easier for users to stay within one fiscal period/version when adding and making updates to county submissions. ADP is modifying the flow of SRIS to step the user through each submission. The new flow will reduce the number of options on each page and draw the user more logically through each step of the submission process.

SACPA Reporting Information System Version 3.4 includes the following changes:

- Modify the system flow and reorganize based on fiscal year and submission date to simplify the steps users take to submit information through SRIS. The system has been changed to make it easier for users to stay within one fiscal period/version when adding and making updates to county submissions. ADP is modifying the flow of SRIS to step the user through each submission. The new flow will reduce the number of options on each page and draw the user more logically through each step of the submission process.
- Merge the Expenditure, Client Counts and Wait List submissions into one submission based on fiscal period, either first six-month submission or full annual submission
- Remove the edit on the Fiscal Year setup that requires the counties rollover amount for the current year to be equal to or less than the allocation plus rollover from the prior year

For questions on how to use or access the SACPA Reporting Information System, please call the ADP Automation Help Desk at (877) 517-3329 or email SACPA@adp.state.ca.us.
